"Some people come into our lives and quickly go. Some people move our souls to dance. They awaken us to new understanding with the passing whisper of their wisdom. Some people make the sky more beautiful to gaze upon. They stay in our lives for awhile, leave footprints on our hearts and we are never ever the same."

"GRADUATION"

BY: VITAMIN C

And so we talked all night about the rest of our lives. Where we're gonna be when we turn 25. I keep thinking times will never change. Keep on thinking things will always be the same. But when we leave this year we won't be coming back. No more hanging out cause we're on a different track. And if you got something that you need to say.

You better say it right now because you don't have another day. Cause we're moving on and we can't slow down. These memories are playing like a film without sound. And I keep thinking of that night in June. I didn't know much of love. But it came too soon. And there was me and you. And then we got real cool. Stay at home talking on the telephone with me. We'd get so excited, we'd get so scared. Laughing at our selves thinking life's not fair. And this is how it feels.

As we go on, We remember, All the times we, Had together, And as our lives change, Come whatever, We will still be, Friends forever!

So if we get the big jobs, And we make the big money. When we look back now, Will our jokes still be funny? Will we still remember everything we learned in school? Still be trying to break every single rule. Will little brainy Bobby be the stockbroker man? Can Heather find a job that won't interfere with her tan? I keep, I keep thinking that it's not goodbye. Keep on thinking it's a time to fly, And this is how it feels

Lynn Cedrone

Lynn,

We love you more than words can ever say and are so proud of who you are and all that you have done. Remember we are always here for you. You are the BEST.

Love

Mom, Dad, and Dan

Kyle Hellpap

As your days in school end,
You start a new journey just around the bend.
That little boy we watched get on the bus,
Put tears in our eyes, you didn't even fuss
Through all the years we never had to worry
You only sometimes caused a little flurry
You were one to just sit quietly
Approaching everything so passionately
You have grown wise and strong
So quickly and what seems only a day long
Your future is written by your past
It seems the years have gone so very fast
Remember those who have helped
you along the way
Their influence will always be there to show the way
So be successful in whatever you do
And know that we will always be there to support you.

Love, Mom & Dad

Katie Freeman

What can we say...from the moment you were born with that twinkle in your eyes, you have brought so much joy into our lives. No words could ever begin to express just how proud you have made us with all of your academic achievements, awards, and continued accomplishments. You have always been determined to succeed. You never let defeat get in your way. Every challenge became another obstacle for you to overcome and with your own self-discipline you always adapted to change no matter what the outcome.

From infancy, daycare, kindergarten, girl scouts, soccer, baseball, basketball, dance, from crayons to perfume, you have become a beautiful young lady. You continue to amaze us with your leadership qualities, kindness, grace, charm, and all of the extraordinary wise decisions you always make. You have been, and may you continue to be your own inspiration as you now approach the end of this chapter in your life.

You've brought us so much joy all these years, and for that, we thank you for giving us so many happy memories of you!!! And now, as you enter the next chapter in your life, hold your head up high; be proud of who you are and who you have become. Set goals and follow your dreams. Be optimistic and never lose hope. Continue to be self-disciplined. Never stop challenging yourself and/or give up. Believe in yourself, anything is possible. **But remember nothing happens without dreams!!** Best wishes for a lifetime of happiness and a successful future. Reach for the stars and don't settle for less.

May the good Lord be with you down every road you roam, and may sunshine and happiness surround you when you're far from home, and may you grow to be proud, dignified and true and do unto others as you'd have done to you. Be courageous and be brave and in our hearts you'll always stay...

Forever young. May good fortune always be with you, may your guiding light be strong, as you climb the stairway to heaven with a prince or vagabond, may you never love in vain and in our hearts you will always remain, Forever young. And when you finally fly away from home we'll be hoping that we served you well. For all the wisdom of a lifetime no one can ever tell...

Hurricane Katrina causes widespread devastation along the Gulf Coast. Cities such as New Orleans, LA; Mobile, AL and Gulfport, MS bear the brunt of Katrina's force. Causing over $200 billion in damage, leaving over 8 million people without homes and taking the lives of over 1,300 people, it is ***one of the most destructive storms*** to hit the United States in the past 100 years.

TRENDS

It seems everything old is new again - the 1980s saw a huge revival in the trends of 2006. VH1 provided the road-map with their "I Love the '80s" series, and suddenly the fashion police stopped issuing tickets for leg warmers and big sunglasses. Other decades were mined for pop culture as well - a Mustang from the '60s, basketball sneakers from the '20s, and a hobby formerly reserved for women in their 70s.

THE NEW BLACK Boys contribute to the '80s revival by being "pretty in pink." And "tough," just like the pretty pink t-shirt says.
